Equipment and assets in place to double sales**

BUSINESS DESCRIPTION

This unique service business fills a need for every grocery store, hospital, school, institution and/or restaurant operation that serves food. Management has established client relationships and contracts in place that are transferrable and could be expanded going forward under new ownership. One person can easily operate this business during a 40-50 hour week while running the business from their home office. The service they provide saves the customer time and money while performing a necessary ECO friendly "Green" service that must be done on a weekly basis in most operations. Assets are in place to continue operation and double sales with complete training and familiarization available. Owner financing is negotiable.
